

Specification: Three-phase Usage: To ensure that the reverse current will not be fed into the public grid, and can maximize the use of photovoltaic energy, truly achieve energy saving, environmental protection and ensure the safety of electricity use.

The Afore AF series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 3.0kW to 15kW, compatible with high voltage (80-600V) batteries.
