

justin@antora.energy Solid State Thermal Battery Antora Energy The Antora Energy team will develop a thermal energy storage system that contains thermal energy in inexpensive carbon blocks. To charge the battery, power from the grid will heat the blocks to temperatures exceeding 2000 °C. To discharge, the hot blocks are exposed to

US thermal batteries company Antora Energy has completed a USD 150 million (EUR 138m) Series B funding round led by Decarbonization Partners, a joint venture between US investment giant BlackRock (NYSE:BLK ...

Antora's thermal energy storage soaks up excess solar and wind electricity and uses it to heat blocks of carbon so they glow like inside a toaster. Antora Energy Press Mentions. Stay in the know about the latest news on Antora Energy. Meet the startups bringing green thermal batteries to market.

In 2017, Dr. Bierman founded thermal energy storage startup Marigold Power. Marigold Power became part of Antora Energy, which he co-founded in 2018 with Andrew Ponec and Dr. Justin Briggs. Briggs developed next-generation renewable energy technology and conducted research on high-temperature materials for energy generation and storage ...

The Antora Energy team will develop key components for a thermal energy storage system (solid state thermal battery) that stores thermal energy in inexpensive carbon blocks. To charge the battery, power from the grid will heat the blocks to temperatures exceeding 2000°C (3632°F) via resistive heating. To discharge energy, the hot blocks are exposed to ...

Bill Gates founded Breakthrough Energy Ventures and is its chairman. Image: UK Department for International Development. Thermal storage startup Antora Energy has raised US\$50 million from a group of investment firms including Bill Gates' Breakthrough Energy Ventures to accelerate the development of its heat-based carbon block energy storage system ...

The sum raised across 64 corporate funding deals in total represented a 117% increase from the equivalent period of 2023 when US\$7.1 billion was recorded from 59 deals.. It is short of the US\$15.8 billion raised in H1 2022, although at the time it was noted by Mercom that the US\$10.7 billion IPO by LG Energy Solution "distorted" year-on-year comparisons.

We source the lowest-cost renewable energy for each project, backed by deep expertise in power markets and partnerships with renewable energy operators and electric utilities. 3 Project Financing. With sophisticated capital markets capabilities, Antora secures competitive project financing from top-tier infrastructure investors. 4 Installation

2022??Antora Energy(??Antora??)Rondo Energy(??Rondo??)Breakthrough Energy Ventures(??BEV?)A ...

World's First Thermal Battery Capable of Cost-Effectively Delivering Zero-Carbon Heat and Power . Sunnyvale, CA - Antora Energy, a leader in zero-carbon heat and power for the industrial sector, has launched its proven, ready-to-scale thermal battery.The company revealed that it has reached the highest temperature that has been demonstrated to ...

California-based start-up Antora Energy wants to pursue a renewable energy holy grail - cheap carbon batteries that can store excess wind+solar power long term. ... Converting excess renewable energy into long-term storage is a necessity for a 100% renewable electricity grid. The toughest problem for an all-renewables grid is the rare times ...

CX-031653: Antora Energy, Inc. -- Deep Decarbonization Enabled by Scale-Up of Solid-State Heat Engines for Ultra-Low-Cost Thermal Batteries Funding will support the project's research, development, and scaling the pilot production of a combined heat and power (CHP) thermal battery which...

Thermal battery maker Antora Energy on Thursday said it has raised \$150 million in a funding round led by a tie-up between the world's biggest asset manager BlackRock (BLK.N), opens new tab and Singapore state investment firm Temasek.The BlackRock ... Georgia Power Updated Irp UPS Targets for Renewable Energy, Battery Storage. More News.

Andrew Ponec is the co-founder and CEO of Antora Energy, a startup developing thermal energy storage that turns solar and wind into zero-carbon industrial heat and power. Antora Energy is backed by leading investors including Lowercarbon Capital and Breakthrough Energy Ventures. Mr. Ponec previously founded a solar energy company called Dragonfly Systems.

US thermal batteries company Antora Energy has completed a USD 150 million (EUR 138m) Series B funding round led by Decarbonization Partners, a joint venture between US investment giant BlackRock (NYSE:BLK) and Singapore's sovereign wealth fund Temasek. ... Latest in Energy storage. Energiekontor teams up with Olmatic on energy storage in ...

Antora joins a growing roster of global thermal energy storage companies seeking to deploy their solutions into the sector, most of which claim their technologies can deliver energy and power at costs competitive with ...
