

How safe is the disposal of used batteries in Bangladesh?

Safe disposal of the used batteries in Bangladesh has been a big concern. Rahimafrooz has lobbied actively in getting a law formulated and enacted in this regard. RBL has ensured proper facilities and establishments for collecting (buying back) and breaking used batteries safely in an isolated location in Savar.

Why did Mao & Zhu start a battery business in Bangladesh?

Because Mao's family owns a battery-making company in China, the pair decided to try the same business in Bangladesh: assemble more-sustainable lithium batteries with components imported from China and sell them to local customers. "It was a crazy idea," said Zhu, the chief operating officer.

Why is it difficult to recycle lithium batteries in Bangladesh?

On the other hand, recycling lithium batteries is difficult; there are only a limited number of recycling factories worldwide, and we do not have such facilities here in Bangladesh. There are some other reasons as well. Lithium battery chargers are expensive.

Which brand has received Superbrand Bangladesh 2020-21?

GLOBATT has received Superbrand Bangladesh 2020-21. Internationally acclaimed Superbrands Award recognized GLOBATT(TM) as the most valuable and promising Automotive Battery brand in Bangladesh and also trusted. Rahimafrooz Renewable Energy (RRE) has been implementing the Village Base Customer Acquisition (VBCA) project to solarize Bangladesh.

Bangladesh's interim leader Muhammad Yunus, who heads the caretaker government installed after an August revolution, said Monday that general elections would be held late next year or in early 2026. Pressure has been growing on Nobel Peace Prize winner Yunus -- appointed the country's "chief adviser" after the student-led uprising that toppled ex-premier Sheikh Hasina
