The solar system that he leased 25 years ago now powers his family's home and dry-goods shop on Buariki's unpaved main street. They also have a second solar panel from the energy company, which they purchased for around \$170, and several hand-held solar lights (donated to 10,000 Kiribati households last year by the Taiwanese government).

All the latest tech on the news you see, spinning Christmas trees, work in the moonlight, are scams. Solar panels have been getting better and cheaper per year, but the latest and greatest tend to have price premium for the latest tech, so not always the best price per watt numbers.
