

Who makes Nordex wind turbines?

As one of the world's largest wind turbine manufacturers, the Nordex Group offers high-yield, cost-efficient wind turbines that enable long-term and economical power generation from wind energy in all geographical and climatic conditions. With the Delta4000 platform, the Nordex Group relies on tried-and-tested series-production technology.

Does Nordex offer a multi-megawatt wind turbine?

With the serially-produced multi-megawatt wind turbines of Nordex Gamma Generation N90/2500, N100/2500 and N117/2400, Nordex is able to offer high-efficiency turbines for onshore use. Since 2013, Nordex offers the Delta Generation with the N100/3300, the N117/3000, and the N131/3000 for strong, medium and light wind sites.

Where is Bouvet Island?

Bouvet Island (/ˈbuːveɪ /BOO-vay; Norwegian: Bouvetøya [bʊˈvø̌ːø̌]) is an uninhabited subantarctic volcanic island and dependency of Norway. It is a protected nature reserve, and situated in the South Atlantic Ocean at the southern end of the Mid-Atlantic Ridge, it is the world's most remote island.

How far is Bouvet Island from Antarctica?

Bouvet Island is one of the most remote islands in the world. The closest land is Queen Maud Land of Antarctica, which is 1,700 km (1,100 mi) to the south, : 58 and Gough Island, 1,845 km (1,146 mi) to the north.

When did Norway claim Bouvet Island?

In 1927, the first Norwegian expedition landed on the island, and claimed it for Norway. At that point, the island was given its current name of Bouvet Island ("Bouvetøya" in Norwegian). In 1930, following resolution of a dispute with the United Kingdom over claiming rights, it was declared a Norwegian dependency.

How did Bouvet Island become a dependency?

The expedition carried out aerial photography of the island and was the first Antarctic expedition to use aircraft. : 64 The Dependency Act, passed by the Parliament of Norway on 27 February 1930, established Bouvet Island as a Norwegian dependency, along with Peter I Island and Queen Maud Land.

**NORDEX ENERGY SOUTH AFRICA LTD. (NESA)** The Nordex Group has been present in the South African market since 2010, and is the proud market leader, with a 32 percent share of the total installed wind power capacity in the region. As part of this, the Group boasts an impressive total installed capacity of more than 1100 MW since October 2022.

As a manufacturer of onshore wind turbines, the Nordex Group plays a key role in creating a sustainable

energy landscape, and interest in renewable energies in Poland is growing. The Nordex Group has been present in the country since 2007, and currently employs 144 people, spread across the local head office in Warsaw and nine service points ...

She has also published a number of scientific papers on renewable energy and energy policy. Ms. Blanco was elected to the Supervisory Board of Nordex SE for the first time on 31 May, 2022. Her current mandate will end with the General Meeting ratifying the acts of the members of the Supervisory Board holding office in the financial year 2025. Ms.

DGAP-News: Nordex SE / Key word(s): Incoming Orders 22.11.2018 / 07:30 The issuer is solely responsible for the content of this announcement. Hamburg, 22 November 2018. Statkraft, Europe's largest producer of renewable energy, has placed an order with the Nordex Group for the supply of seven N100/3300 turbines for the "Kilathmoy" wind farm in ...
