Tubular Battery. Beacon range of inverter and solar tubular batteries are one of the best tubular batteries available out there. Entire battery is made in house with the highest level of quality to withstand long duration of power-cuts and many solar off grid applications.

In the tubular battery on the other hand the tube helps to keep the material intact thus prolonging its life. Another major difference is that flat plate batteries have thinner plates and tubular batteries have thicker plates which are one of the major reasons why tubular batteries have a larger number of discharge cycles.

Our deep cycle batteries perform over a long time and provide sustainable power. We have both flooded and maintenance-free batteries in our range so that you can select the required ones depending upon the load management. Our storage batteries are compatible with our complete range of solar inverters as well as with other alternative energy ...
