Ingrid Huldal, Director for Sustainable Energy Solutions, commented: "Expro's unwavering commitment to sustainable energy solutions is fully in harmony with Getech's core principles. Our demonstrated expertise in wells, with a proven global track record spanning geothermal, CCS, and natural hydrogen projects, is a source of pride.

Burundi's energy consumption relies to a great extent on biomass. Households are the main consumers of energy in the country, accounting for 94% of total consumption. Their needs are almost exclusively met by traditional biomass (99%). Electricity (0.3%), and oil products (0.4%) play an insignificant role. If industry and transport is included ...
