

Who is discover battery?

Discover Battery is a leader in innovative battery solutions in both the Lithium & Lead-Acid product groups. From Transportation, to Motive Power, to Energy Storage Systems - Discover delivers the world's most innovative and reliable battery solutions in the most challenging applications.

What types of batteries does Canadian energy offer?

Canadian Energy provides batteries for transportation, motive, and renewable energy applications. Whether you are looking for Flooded Lead-Acid, Mixtech, AGM or Lithium batteries we have you covered. If you're having trouble finding what you're looking for try our battery finder or look for a specific application.

Who makes discover Energy Systems lithium batteries?

Discover Energy Systems' industry-leading Lithium Solutions (AES, AES RACKMOUNT, PROFESSIONAL and BLUE) are purposefully built by Discover Energy Systems' North American engineering and manufacturing group. The batteries are also independently certified to the highest safety, performance, and reliability standards.

Where is discover battery made?

From Transportation, to Motive Power, to Energy Storage Systems - Discover delivers the world's most innovative and reliable battery solutions in the most challenging applications. Discover is headquartered in Vancouver, BC, with manufacturing & distribution worldwide. Modern Outpost is your Canadian source for Discover Battery products.

Are discover batteries any good?

Discover batteries perform better than any other battery I have used in 47 years as a yacht management company in Newport Beach, California. We have maintained, serviced and replaced thousands of batteries, and Discover has been the easiest to work with.

Are discover lithium batteries good for hybrid inverters?

Discover provides excellent sales and technical support for its products and is a valuable resource for all types of batteries in the battery industry. Discover lithium batteries are the best lithium batteries we tested to work with our hybrid inverters. Great quality! We are very satisfied with the MIXTECH batteries for our automotive fleet.

Discover Energy Systems AES BLUE LiFePO 4 batteries offer BMS-controlled safety, long life, lightning-fast charging performance and real-time Bluetooth access to battery State of Charge, voltage, current, and temperature status. AES BLUE batteries are designed for motive and mobile applications with a strong focus on ease of installation and safety with field-serviceable fuses, ...

Discover Energy Systems AES PROFESSIONAL batteries are purpose-built for the drop-in replacement of 12V, 24V, 36V and 48V groupings of the popular BCI GC2 size battery used in work vehicles, utility electric vehicles, golf-cars, autonomous vehicles and robots, floor care machines, and aerial work platforms.

MECHANICAL SPECIFICATIONS Industry Reference BCI: 31 Length A (in/mm) 13 330 Width B (in/mm) 6.8 172 Height C (in/mm) 8.5 216 Total Height D (in/mm) 8.6 218 Weight (lbs/kgs) 71.5 32.5 Terminal * F10M8 Technology DRY CELL AGM, VRLA NOTE 1: Dimensions have a ±2 mm (0.08 in) tolerance. Weights may vary. NOTE 2: Refer to terminal guide on

AES BLUE batteries include a Bluetooth App that gives real-time access to battery State of Charge, voltage, operating current, and temperature status. The Discover Blue App is available on the Apple App Store or Google Play.

Discover Energy Systems builds on a foundation of more than 75 years in the battery business to electrify the world with dependable batteries and power electronics, making sustainable power a reality for current and future generations. Based in Vancouver, Canada, we have a worldwide distribution network and collaborate with some of the most ...

Go to Discover Energy Systems. ... Across the globe, Discover Battery's extensive network of dedicated partners and seasoned professionals is ready to serve your unique needs. Take the first step towards unparalleled power solutions -- reach out and contact us today ... BC Canada V6V 2E9 Tel: +1-778-776-3288 Fax: 604-248-0175 . Get a Quote ...

This article will mainly explore the top 10 energy storage companies in Canada including TransAlta Corporation, AltaStream, Hydrostor, Moment Energy, e-STORAGE, Canadian Renewable Energy Association, Kuby Renewable Energy, e-Zinc, Selantro, Discover Battery.

PRESS RELEASE. Discover AES LiFePO 4 Lithium Battery Certified to UL9540 with Schneider Electric XW PRO Hybrid Inverter for Solar Energy Storage Systems. AES LiFePO 4 Batteries certified UL 9540 for Solar Energy Storage Systems. Vancouver, BC, May 1, 2021 - Discover Battery (Richmond, BC) and Schneider Electric (Burnaby, BC) are pleased to announce the ...

Discover Battery leads the industry in the design, manufacturing, and distribution of leading-edge battery technologies to the transportation, motive power, and energy storage industries. ... including renewable energy, commercial, telecom systems, mobility, and UPS/emergency lighting. With over 70-years of experience, we are leading the global ...

Discover® MIXTECH EMX Premium Flooded Starting batteries for automotive applications combine patented MIXTECH technology with expanded metal grids and advanced active materials to produce a superior starting battery that uses the natural movement of the vehicle to keep battery acid in constant circulation as a countermeasure against the #1 cause of ...

Discover® Advanced Energy System (AES) LiFePO 4 Lithium batteries enable the highest level of productivity for battery-powered industrial machines and, unlike lead-acid batteries, deliver both a predictable return on investment and ...

The 950-0044 is a fully featured Battery Discharge Indicator (BDI) that communicated with AES LiFePO4 Mobile Industrial and AES PROFESSIONAL batteries and presents visualization by LCD of the battery's State of Charge, Voltage, Power, Charge and Discharge Energy, Battery Firmware, and Time to Go. 950-0044 - Bundled with cable 950-0006 - Without ...

Troubleshoot and monitor Discover Energy Systems Lithium batteries ... AES LiFePO4 battery 44-48-3000. The Discover Wall Mount Bracket securely mounts the AES LiFePO 4 battery to the wall in a repeatable standard installation that ...

AES RACKMOUNT is the rapid install energy storage system designed for Residential Off-Grid Solar and Whole-Home Backup Power. The battery features a high-current GEN-4 BMS that delivers superior peak power for demanding load support, 1C charge/discharge rates and self-heating allowing for cold charge functionality.

Discover® Advanced Energy System (AES) LiFePO 4 Lithium batteries enable the highest level of productivity for battery-powered industrial machines and, unlike lead-acid batteries, deliver both a predictable return on investment and a dramatic reduction in the total cost of ownership.. AES LiFePO 4 Lithium batteries are manufactured with the highest-grade cells.
