

Who is China electric equipment group (Ceeg)?

Founded in 1990, China Electric Equipment Group (CEEG) is a leader in the global energy revolution, dedicated to "Delivering Premium Power to the World." As a tech-driven enterprise, we specialize in advanced transformers, solar energy storage systems, intelligent distribution networks, and hydrogen energy technologies.

What does Ceeg stand for?

This company also provides solutions for other industrial applications. CEEG (China Electric Equipment Group), headquartered in Nanjing, China, has its origin from a State Energy Ministry supported enterprise.

Why is Ceeg a good company?

It has strong waterproof and short-circuit resistance, strong overload capacity, good electrical performance, safety and reliability. Through the simulation analysis of electric field, temperature field and magnetic field, CEEG is the first company in China to pass KEMA's E2, C2 and F1 tests.

What certifications does Ceeg have?

After more than 30 years of development, CEEG has successively obtained the ISO9001 Quality Management System Certification, -ISO14001 Environmental Management System Certification, and OHSAS18001 Occupational Health and Safety System Certification, CNAS test authority.

What are the characteristics of oil-immersed rectifier transformers produced by Ceeg?

The oil-immersed rectifier transformers produced by CEEG have the characteristics of high temperature resistance, maintenance-free operation, high overload capacity, low noise, high reliability, lift-core free, leakage-free performance, and diverse product varieties.
