

What is a RCT Power Battery?

Get the most out of your photovoltaic system. Storage of generated solar energy is a key issue for owners of solar installations. The RCT Power Battery provides a particular safe and resource-conserving solution for the management of energy needs of residential homes and commercial buildings and facilities.

Who is Island Power Co Pty Ltd?

Island Power Co Pty Ltd ABN 35 617 149 032,EC14572. Electrical,civil,and surveying,Cocos Keeling Islands. Electrical contractor,civil contractor,surveying,Cocos Keeling Islands. Renewable energy,solar,battery storage,power and electrical,microgrids. Cocos (Keeling) Islands,Christmas Island,Indian Ocean Territories

Are RCT power batteries safe?

The RCT Power Battery excels at safety and in battery lifetime. The energy storage for solar electricity uses lithium iron phosphate battery cells that are considered to be among the safest lithium ion batteries.

Why should you choose a high voltage battery from RCT power?

The high voltage battery from RCT Power guarantees highest efficiency and autonomy. The modular system can be upgraded and adapted to fit user requirements. Your system grows to accommodate new energy consuming appliances,e.g. an electric car. All our batteries are delivered in the elegant design that is typical for RCT Power.

RCT Power's EPZ factory in China's Jiangsu province has achieved a significant milestone by becoming the energy storage industry's first "Zero Carbon Factory", the facility having successfully completed all green certification procedures and officially received the Zero Carbon Factory certificate from TÜV Rheinland Greater China.

It is also very easy to install and operate. Storage systems designed by RCT Power make intelligent use of solar energy and enable home owners to become independent from power suppliers. RCT Power is one of the few companies that develops inverters and battery storage systems in house. Our systems are fine tuned for optimal performance.
