The volunteer firefighters association in Spickovina, a village in northwestern Croatia, is planning to build a solar power plant that will function as a bona fide clean energy community...

There's the principle, the idea, and then there's the implementation, 2 different things and the principle of using energy as the foundation of an economy is a good one because we use so damn much of it and it's a perfect (energy) economy, every drop of oil can be accounted for and that passes on to the dollar economy flowing the other way.

Bombardier Q serija - prvotnog imena DHC-8 Dash 8 - je obitelj elisomlaznih putničkih zrakoplova (eng. turboprop) kanadske proizvodnje. nastao početkom 80-ih u pogonima tvrtke de Havilland Canada, Dash 8 je bio osmišljen kao moderan i učinkovit zrakoplov kratkog doleta koji bi zamijenio modele iz 60-ih i 70-ih na sve većem broju regionalnih linija.
