Welcome to Ecotech Energy. A renewable energy engineering company servicing Southern Africa. A division of Ecotech Engineering Pty Ltd. We have a passion for renewable energy and the benefits this brings to us all. Energy security has become one of the leading global issues of our time and is high on the agenda of most governments around the world.

Ecotech Solar installed 35 modules of Itek Energy panels on my roof. The DC energy is transformed into AC energy by a Solectria Renewable PVI 7600TL box. This crew of four men worked in the rain to complete this project before the turn of the year so that I might qualify for the tax credit. They were friendly and humorous.
