Eneco Energy Trade is the only integrated energy trading platform in the Netherlands. This sets us apart from all other Dutch energy companies that have their trading floors abroad. For new providers and project developers, we are ...

If Eneco Energy Trade is the heart of Eneco, Portfolio Management is the team where all of our flows converge. It's where analysts and portfolio managers use mathematical models to predict opportunities and risks in Eneco's gas, electricity, and certificate portfolio. For example, do the maths for offshore wind farm development projects.

Team lead Forecast Analysts at Eneco Energy Trade &#183; Enthusiastic, social and hard working. Started my time on Erasmus University Rotterdam with a bachelor in Economics and Business economics. After three years I decided to challenge myself by taking on the pre-master program in Econometrics and Management Science. In juli 2019 I graduated from the consecutive master ...
