

Carbon Capture, Utilization and Storage, A Trinidad and Tobago Update. Presented by Mrs. Penelope Bradshaw-Niles, Permanent Secretary at the Ministry of Energy and Energy Industries at the Trinidad and Tobago Energy Conference January 23-25 2023.

Trinidad and Tobago is a small island developing state (SIDS) with one of the largest emitters of CO₂ per capita globally - linked to a reliance on oil and gas. With the country's commitment to sustainable development goals and climate change agreements, rapid redesign of the national power sector is critical to promoting a sustainable energy transition.
