

Are Genesis NP batteries reliable?

Genesis NP batteries feature heavy-duty thick lead calcium grids for years of dependable performance. The high energy density design, factory sealed case and leak proof construction ensures that these rechargeable sealed lead acid batteries are extremely reliable and virtually maintenance-free. Request a Quote

What is a Genesis XE battery?

Genesis XE batteries are manufactured with Thin Plate Pure Lead (TPPL) technology, packing enormous power in a smaller footprint, making them ideal for custom applications where space is of the utmost importance. Genesis XE batteries are found in alternative energy applications such as solar and wind power, and Hybrid Electric Vehicles (HEV).

What is a Genesis EP battery?

Premium high performance Genesis EP batteries are manufactured with Thin Plate Pure Lead (TPPL) technology, packing more power into a smaller footprint. Genesis EP batteries are suitable for a wide range of physically demanding applications and safe for human environments such as offices and hospitals.

How long do Genesis XE batteries last?

Genesis XE batteries also feature a 2-year shelf life at 77°F (25°C) and superior deep discharge recovery. Genesis XE batteries manufactured with TPPL, packing enormous power in a smaller footprint, ideal for custom applications where space is of utmost importance.

All Genesis EP and XE batteries are recognized as UL components. 1.4 Non-halogenated plastics As the world becomes more environmentally aware, EnerSys is striving to provide the most environmentally friendly products possible. With this in mind, we are proud to say that the plastics used in our Genesis battery line are non-halogenated and

EnerSys Genesis XE60 thin plate pure lead battery excels in demanding environmental and cycling applications such as: Alternative energy applications, e.g. solar and wind power Hybrid electric vehicles (HEV) XE60 Performance ...

Genesis NP Akumulatory Genesis NP s? zbudowane z wytrzyma?ych grubych kratek o?owiowo-wapniowych, dzi?ki kt?rym dzia?aj? niezawodnie przez wiele lat. Dzi?ki wysokiej g?sto?ci energii oraz fabrycznie szczelnej obudowie te akumulatory kwasowo-o?owiowe s? wyj?tkowo niezawodne i praktycznie bezobs?ugowe. Z? zapytanie ofertowe

Bateras Genesis EP Las bateras de alto rendimiento Genesis EP se fabrican con la tecnologa de placas delgadas de plomo puro (TPPL) para ofrecer m?s potencia en menos espacio. Las bateras Genesis EP son adecuadas para numerosas aplicaciones f?sicamente

exigentes y son seguras para entornos humanos como oficinas y hospitales.

For information and emergencies, contact EnerSys" Manufacturer"s Name/Address: Environmental, Health & Safety Dept. at 610-208-1996. EnerSys : Canada Corporate Office P.O. Box 14145: 3-61 Parr Boulevard. 24-Hour Emergency Response Contact: 2366 Bernville Road. Bolton, Ontario.

Genesis NP Le batterie Genesis NP sono dotate di griglie al piombo-calcio spesse e robuste che garantiscono prestazioni affidabili per anni. Il design ad alta densità energetica, l'alloggiamento sigillato in fabbrica e la struttura a prova di perdite garantiscono l'elevata affidabilità; di queste batterie al piombo-acido sigillate ricaricabili oltre al fatto di essere ...

Genesis NP Les batteries Genesis NP sont dotées de grilles épaisses en alliage plomb-calcium afin de présenter des performances fiables pendant des années. Grâce à leur densité énergétique élevée, leur bac scellé en usine et leur construction robuste, ces batteries au plomb rechargeables sont extrêmement fiables et ne nécessitent quasiment aucun entretien.

EnerSys Genesis XE60 thin plate pure lead battery excels in demanding environmental and cycling applications such as: Alternative energy applications, e.g. solar and wind power Hybrid electric vehicles (HEV) XE60 Performance Features: Wide operating temperature range: -40°C to 45°C 300+ full depth of discharge cycles High rate charge and discharge 2 year shelf life at 25°C ...

Genesis battery incorporates a high vent-pressure design, The EnerSys Genesis EP batteries experience no "dry out" failure mode from repeated recharges. 3. Float life - Conventionally sealed-lead batteries vary greatly in specified standby life: from three to six years at 68°F (20°C). Genesis EP batteries, however, offer a ten-year design

Find the original Energys NP24-12B 12V 24AH SLA Battery at Ubuy Guinea. Spill-proof and maintenance-free, this rechargeable battery is perfect for a wide range of applications. Order ...

Batteries Genesis EP Les batteries Genesis EP hautes performances sont fabriquées avec la technologie TPPL (Thin Plate Pure Lead, plaques fines en plomb pur) qui leur procure une plus grande puissance avec un encombrement réduit. Les batteries Genesis EP conviennent à une large gamme d'applications exigeantes au niveau des contraintes physiques et peuvent être ...

Akumulatory Genesis EP Wysokiej jakości akumulatory Genesis EP są wykonane w technologii cienkich płyt z czystego ołowiu (TPPL), co zapewnia większą moc na mniejszej powierzchni. Akumulatory Genesis EP są odpowiednie do szerokiego zakresu wymagających fizycznie zastosowań i są bezpieczne dla środowisk ludzkich, takich jak biura czy szpitale.

Genesis NP Genesis NP batteries feature heavy-duty thick lead calcium grids for years of

dependable performance. The high energy density design, factory sealed case and leak proof construction ensures that these rechargeable sealed lead acid batteries are extremely reliable and virtually maintenance-free.

Genesis XE Las baterías Genesis XE se fabrican con la tecnología de placas delgadas de plomo puro (TPPL) y almacenan una cantidad enorme de energía en un espacio reducido, por lo que son ideales para aplicaciones especiales en las que el espacio tiene una importancia vital. Las baterías Genesis XE se utilizan en aplicaciones energéticas alternativas, como la ...

Genesis NP Las baterías Genesis NP cuentan con rejillas gruesas y robustas de plomo-calcio para ofrecer un rendimiento fiable durante años. Su diseño de alta densidad energética, su carcasa sellada en fibra y su construcción a prueba de fugas garantizan que estas baterías selladas de plomo-calcio recargables sean extremadamente fiables y casi no necesiten ...

Today, Genesis EP TPPL technology can be found in applications as diverse as electronics, medical equipment, telecommunications, lawn and garden equipment, computer backup and UPS applications. the TPPL technology ...
