

Does SoliTek install solar panels in Lithuania?

SoliTek also provides solar panel installation services exclusively with their manufactured panels only in Lithuania, with a team of 11 in-house professional and certified installer teams. SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability.

Who is SoliTek solar?

Known for its advanced research, SoliTek provides tailored solar solutions to residential, commercial, and industrial sectors, with products exported to major European markets, including Germany and Sweden. Founded in 2009 as Baltic Solar Solutions and Baltic Solar Energy, SoliTek initially focused on solar cell research and production.

Are SoliTek solar panels durable?

Even more, SoliTek solar panels are among the most durable on the market. They come with a 30-year warranty and have an expected lifetime of 50 years. SoliTek NOVA is a smart home energy storage battery that helps to get the most from one's solar power system and stay connected during power cuts.

Why should you choose SoliTek?

Smart Energy Solutions: Optimize your energy usage with our smart technologies, giving you control and visibility over your power consumption. Sustainable Living: Choose Solitec for a greener tomorrow. Our solar panels and batteries contribute to a cleaner planet, empowering you on the path to sustainable living.

How does SoliTek Nova work?

The AI-controlled home energy management system adapts to optimize home battery use from the data on energy consumption habits and solar power generation. This way, SoliTek NOVA helps to save a lot on electricity bills. Solar panels aren't just for rooftops anymore.

What percentage of Lithuanian residential market is solar?

And it is about 10% of Lithuanian residential market. We have built effective solar parks in Lithuania and Ukraine. Technology advanced solar parks are with bifacial solar panels, solar trackers and special white sheet on the ground.

SOLID Agro Solarmodule: die perfekte Mischung aus Solarenergie und Landwirtschaft. SOLID Agro Glas-Glas-Solarmodule werden in Europa aus dickem, gehärtetem Glas höchster Qualität hergestellt.

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.
