

Enbridge has announced the sanctioning of the Sequoia solar project in Texas, one of North America's largest solar projects. The \$1.1bn development, 150 miles west of Dallas, has secured long-term power purchase agreements with AT&T and Toyota to ...

The project will include 3.5GWp of solar PV generation capacity and a 4.5GWh battery energy storage system (BESS), which will be built across 3,500 hectares of land in the two provinces of Bulacan ...

The senior debt financing of EUR 18 million (USD 19m) will support a mixed portfolio of 17 projects located in mainland France and French overseas territories, Corsica Sole said on Monday. Under the plan, the ...

Swift Current Energy gains finance for 800MW solar facility from Google. The project is currently under construction and expected to come online by early 2025. August 21, 2024. ... Double Black Diamond Solar project in southern Illinois, US. This move positions the project to be the largest solar initiative east of the Mississippi River.

The financing will go towards the construction of three solar plants in the Netherlands expected to be operational in Q1 2024. Image: AMPYR. Independent power producer (IPP) AMPYR Solar Europe has ...

German engineering, procurement and construction (EPC) firm Enerparc has secured bridge financing for a 325MW solar portfolio in Germany, which will include co-located battery energy storage ...

Huasun Energy has partnered with ITRAMAS, a solar power developer and engineering, procurement and construction contractor, to develop 1.5GW photovoltaic projects in Malaysia. The collaboration, unveiled at the International Greentech & Eco Products Exhibition and Conference Malaysia 2024, aims to bolster the nation's clean energy future from ...

Earlier this month, the bank provided financing for a 50MW solar portfolio in Bosnia and Herzegovina; while in June it formed a joint venture with German energy company Goldbeck Solar Investment ...

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

The solar-plus-storage project also joins Longroad's Sun Streams Complex, made up of three additional Longroad projects, bringing the total for the complex to 973MWdc of solar and 600MWac/2 ...

"This will be the first hybrid solar and battery project in Egypt," said Terje Pilskog. Image: Scatec. Norwegian

Financing solar projects French Southern Territories

renewable power developer Scatec has signed a power purchase agreement (PPA ...

The other two solar projects will be located in centre-west Zamora, Castilla and Leon, and will have an installed capacity of 56MW and 29MW each, while financing of these projects will be EUR55.3 ...

The UK's Green Nation has unveiled plans for a solar and energy storage project, aiming to contribute up to 750MW to the country's National Grid. Called Whitestone Solar Farm, the solar facility is located between Rotherham and Doncaster in South Yorkshire and is in the preliminary stages of development.

This acquisition aligns with the Mid-West Clean Energy Project's goal of producing 1.2Mt [metric tonnes] of clean ammonia annually by 2027, utilising renewable energy from solar and wind sources. Pilot Energy, which paused trading ahead of the announcement, indicated that the proceeds from the proposed sale could be redirected to alternative ...

First Solar's new Series 7 modules will be used, marking the first Longroad-financed project to use them as well as being the fourth large-scale solar project in Arizona overall in a partnership ...

Masdar's Nur Bukhara Solar PV LLC FE will build and operate the solar-plus-storage project. Image: Total Eren. The World Bank and Masdar, the UAE's state-owned renewable energy developer, have ...
