

What is a Guernsey power station?

Guernsey power station is a 1.8GW gas-fired combined-cycle power plant planned to be built in Guernsey County, Ohio, US. The \$1.4bn project is being developed by Apex Power Group, a privately-held power facility developer based in Indiana, US, in partnership with Caithness Energy, an independent power producer based in New York.

Will GE Supply Gas turbines to Guernsey power station?

GE Power has secured a contract to supply gas turbines for Caithness Energy's 1.8GW Guernsey Power Station in Guernsey County, Ohio, US. GE's gas turbines will be installed at Guernsey Power Station. Credit: General Electric.

How many jobs will Guernsey power station create?

It is expected to create up to 500 construction jobs and up to 25 permanent jobs during operations. The Guernsey power station will be built on a 118-acre site in the Valley Township of Guernsey County, near the Utica and Marcellus shale gas development area of Ohio.

Who designed Guernsey power station?

Gemma Power Systems, a wholly owned subsidiary of Argan, was awarded the engineering, procurement, and construction (EPC) contract for the Guernsey power station in January 2019. POWER Engineers, a global consulting engineering firm based in the US, is the design engineer for the power station.

Will Guernsey power station be evacuated?

The electricity generated by the Guernsey power station will be evacuated to the Pennsylvania-New Jersey-Maryland (PJM) Interconnection grid, through interconnection with the existing American Electric Power (AEP) 765kV Kammer-Vassell transmission circuit, which runs through the project site.

Who is the design engineer for GE Power Station?

POWER Engineers, a global consulting engineering firm based in the US, is the design engineer for the power station. General Electric (GE) will supply power generating equipment including the 7HA.02 advanced combustion turbines, for all three power trains of the combined-cycle facility.

Communication is power... Genpower aims to provide perfect products and services by being inspired by the opinions, suggestions and thoughts of its customers. You can send an e-mail to genpower@genpower.tr about the topics you want to learn about, you are curious about, you want to criticize or comment on related issues to Genpower.
