Eswatini's governance risk will remain low as King Mswati III's authority will face limited challenges. Discontent with the ruling elite has not been sufficient to threaten the King's authority, with critics claiming that the legislative elections in September 2023 did not lead to any expansion of political freedoms in the country.

Skilled in the provisioning of consulting and implementation services in; energy access and sustainability; energy audits; energy efficiency management; photovoltaic solar; and remote metering and monitoring. · ...

The key challenge facing the country's energy system is a lack of security of energy supply: Eswatini imports around 70 percent of its power, despite being well-endowed with conventional and renewable energy resources, including coal, solar, hydro, wind and biomass residues from the sugar and forestry industries.

One of Africa's leading sugar producers, Royal Eswatini Sugar Corporation Ltd. is Eswatini's main employer with deep roots in the community. It wanted to be a product innovator and more-efficient energy producer. Cloud solutions from SAP are enabling the company to improve its agility, cost-efficiency, innovation, and employee engagement.
