

Why should you choose Vanguard a commercial battery solution?

Vanguard offers all the benefits of electrified power, streamlines your operations and strengthens your edge with a complete battery solution. The commercial battery solution from Vanguard works across brands and across applications ultimately delivering a more efficient electrified power solution for your equipment.

What is a high-performance Vanguard's commercial engine?

High-performance Vanguard's commercial engines and batteries are application-engineered to power equipment that works for a living.

What is the technology used in Vanguard batteries?

Vanguard's batteries utilize integrated lithium-ion technology, which includes the battery, Battery Management System (BMS), and charger -- enabling robust power to be delivered in a compact package.

What equipment is matched to the vanguard battery pack?

OEM equipment is matched to the Vanguard Battery Pack in its state-of-the-art Power Application Center. This unique offering allows Vanguard to tailor its versatile battery application expertise to ensure optimum equipment performance.

Does Vanguard offer a warranty?

Vanguard is now offering a competitive 8 year commercial limited warranty. Free replacement of equal or greater value for up to 8 years, or the associated MWh of cumulative discharge, whichever occurs first. Warranty is valid 8 years from date of sale or if no receipt available it will be based upon manufacture date. Effective January 1st, 2024.
