

Who is Guernsey energy?

From tailored payment plans and energy efficiency advice to priority callouts and safety checks, we're here to make things easier for you if we can. © 2024 Guernsey Energy, a trading name of Guernsey Gas Ltd, a member of the Islands Energy Group. We've been providing energy solutions to the Channel Islands for almost 200 years.

What is the energy strategy for Guernsey?

The Committee for the Environment & Infrastructure is developing an Electricity Strategy for Guernsey. The strategy will consider expected future energy demand levels and set out how this demand could be met, whilst also reviewing how the market structure will need to change to support this.

Does Guernsey energy offer free priority care?

We offer free Priority Care for customers who need extra support. From tailored payment plans and energy efficiency advice to priority callouts and safety checks, we're here to make things easier for you if we can. © 2024 Guernsey Energy, a trading name of Guernsey Gas Ltd, a member of the Islands Energy Group.

What does energy independence mean for Guernsey?

Greater energy independence- A system where a greater and significant proportion of our community's energy needs are supplied through local energy sources. This will increase resilience by reducing exposure to external and geopolitical factors. The Committee for the Environment & Infrastructure is developing an Electricity Strategy for Guernsey.

What is the energy transition in Guernsey?

In Guernsey, we currently rely on fossil-fuel based systems of energy production and consumption and operate a thermal power station. However, it is recognised that as part of the response to climate change, there is a need to transition to an energy mix with limited, if not zero carbon emissions. This is often referred to as the energy transition.

What is Guernsey's energy policy 2020-2050?

The Energy Policy 2020-2050 established that the vast majority of Guernsey's energy supplies will come from clean, low carbon sources by 2050 at the latest, local renewable generation will be encouraged and residual emissions will be offset. In order to deliver this, the six following objectives were agreed:

ENERGON supplies batteries to energy complex enterprises ... ENERGON is a leading supplier of maintenance-free sealed lead-acid batteries for security and fire systems. more . Moto vehicles . DELTA and ASTERION MOTORCYCLE BATTERY is an ideal partner for urban motorcyclist ... Renewable energy Li-ion solutions

Renewable Energy Systems: Integrate on-site renewable energy systems, such as solar PV or wind turbines, to generate electricity and reduce reliance on the grid. High-Efficiency HVAC: Install high-efficiency heating, ventilation, and air conditioning (HVAC) systems that utilize heat recovery and optimized control strategies.
