Industrial Solar Solutions Home "We invest in the Future of Tomorrow" Renewable solar energy harnesses the power of the sun to generate electricity or heat, and its application in industrial setups in Pakistan offers a sustainable alternative to traditional energy sources. AE Power understands this need & helps installing solar panels on industrial facilities, where [...]

Den 22 februari 2021 beslutade extra bolagsstämman att byta företagets namn. Bolagsverket bedömde att det initialt reslagna namnet behövde kompletteras så att kunna registrera det. Därav är det nya namnet Clean Industry Solutions Holding Europe AB (Europe är tillagt jämfört med tidigare slag) vilket Bolagsverket har godkänt och registrerat.

In Lisbon, 5 employees focus on the Commercial & Industrial (C& I) business area, covering everything from the approval of the project to the handover of the turnkey solar plant. The team also takes care of O& M services, such as monitoring and reporting for the entire C& I portfolio.. The Portuguese office is based in the centre of Lisbon and operates throughout the country.

Solar power systems are used to provide power for industrial oil & gas sites across Canada. In some cases, these locations are remote and do not have access to traditional power sources. Solar is a popular choice for oil field drilling, pump station monitoring, and oil pipeline monitoring where remote monitoring is necessary.
