

Who is Innotec power?

Innotec Power is a leading manufacturer of Permanent Magnet Alternators, Motors and Control Systems. The company invests heavily in research and design to innovate reliable solutions for power generation, transmission and control in the industrial, mobile and renewable energy sectors.

Why should you choose Innotec power?

In the world of only set specifications available in the market, customers find solace in working with Innotec Power since they can get products made according to their own needs, working conditions and specifications. We are in constant pursuit of more efficient, reliable and affordable methods of converting and producing power.

What makes Innotec unique?

Fueled by the leading minds and people of the industry, its products outperform competition based on efficiency, size and customization. The passion of the founder and the zeal of Innotec's employees have made the company's products an important provider for electricity generation.
