Dominican solar panel installers - showing companies in Dominican Republic that undertake solar panel installation, including rooftop and standalone solar systems. 29 installers based in Dominican Republic are listed below.

Yes, the solar system is definitely an issue as I originally posted, positioned correctly. I have mine mounted on my garage roof now and it (like any good solar system) is positioned to expose it to sunlight. Temperature is not the issue. If you have a series of cloudy days you may not have very hot water.
