Are ion solar panels a reputable company?

If you are considering solar panels find a reputable company that stands behind their equipment without charging you ridiculous service fees to diagnose the issue with their equipment. The ION Solar company was very thorough and swift with their work.

What do you think of ion solar?

"I have nothing but good things to say about ION Solar. They have been extremely responsive, attentive to my questions, and completely transparent throughout the process of my solar panels being installed. Anthony Rivero has been awesome to work with and truly cares about the people and services they provide. 10 out of 10 would recommend Ion Solar"

Why should you choose ion solar?

ION Solar | Solar that's easy, efficient & stress free. From consultation and design to installation and beyond. Experience the 5-star difference with ION Solar. "It is the best decision we've ever made." "Noe Cortez and his team were a blast to work with, they made the whole transition to solar smooth and painless.

Are ion solar panels too expensive?

These solar panels are far too expensive to not receive adequate customer support when their equipment fails. Beware, as it turns out solar panels have an approximate life span of twenty years, which is how long ION "generously" offers their financing for.
