1 ??&#0183; Ireland is still heavily reliant on burning fossil fuels to generate electricity, despite a growing number of wind farms sprouting across the countryside. Further data center expansion threatens Ir...

Ireland: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

Amigo energy customer service ate great... Amigo energy customer service ate great and I feel sorry for them because I know they have to deal with angry frustrated clients. Amigo energy as a company is a scam! I don't trust that they bill based on individual usage, they estimate based on the the weather and bill ridiculous amounts of money.

The Amigo's Diamond Insulator (100g Light) stable rug is designed to keep your horse warm and comfortable in any temperature. Crafted with a 210D Polyester Diamond Ripstop material, the outer layer features a reinforced Ripstop weave in a ...
