Learn about the state of solar panels in Ireland, their benefits and challenges. Trisha Eder 22/02/2024 3 minutes 47, seconds read 0 Replies

Energy from the grid: if you have a smart tariff and the right type of connection, you can also charge your battery from the grid during off-peak hours when energy is cheaper, for use when electricity is more expensive. You can also convert electricity to heat, and store it in a heat battery or a hot water tank to heat your home and water.
