

For the past twenty years, ITM Power PLC has been designing and manufacturing electrolyser systems that generate green hydrogen based on proton exchange membrane (PEM) technology. Our electrolysers require just renewable energy and water, with oxygen and water vapour the only by-products. As the first hydrogen related company to be listed on ...

ITM Power Plc designs and manufactures proton exchange membrane (PEM) electrolysers in the United Kingdom, Germany, Australia, rest of Europe, and the United States. The company's product portfolio comprises TRIDENT, an PEM electrolysers stack technology; NEPTUNE, a 2MW plug and play electrolyser for small to mid-size projects; and POSEIDON ...

ITM Power Plc (ITM) - Strategy, SWOT and Corporate Finance Report, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company Key Highlights ITM Power Plc (ITM Power) is a renewable energy ...

ITM Power PLC manufactures integrated hydrogen energy solutions, that meets the requirements for grid balancing and energy storage services, and for the production of clean ...

PEM electrolysers can rapidly react to fluctuations typical of renewable power generation, making the technology ideally suited for grid balancing and meeting energy deficits. ITM's PEM Tech. ... ITM Power PLC is a public limited company registered in ...

10 January 2022 **ITM Power PLC** ("ITM Power" or the "Company") **Grant Award in Germany for SINEWAVE Project** ITM Power GmbH has been approved for a EUR1.95m award for the project SINEWAVE, as part of the ...

ITM Power PLC was admitted to the AIM market of the London Stock Exchange in 2004. In October 2019, the Company announced the completion of a £58.8 million fundraising, including a subscription by Linde of £38 million, together with the formation of a joint-venture with Linde to focus on delivering green hydrogen to large scale industrial ...

OverviewHistoryIndustrial projectsHydrogen refuelling stationsUKH2MobilityEcoisland Partnership CICExternal linksITM Power plc is an energy storage and clean fuel company founded in the UK in 2001. It designs, manufactures, and integrates electrolysers based on proton exchange membrane (PEM) technology to produce green hydrogen using renewable electricity and tap water. Hydrogen produced via electrolysis is used for mobility, Power-to-X, and industry.

ITM Power plc was admitted to the AIM market of the London Stock Exchange in 2004. In October 2019, the Company announced the completion of a £58.8 million fundraise, including a subscription by Linde of £38 million, together with the formation of a joint-venture with Linde to focus on delivering renewable hydrogen to large scale industrial ...

About ITM Power plc: +44 (0)114 551 1205 +44 (0)20 7597 5970 +44 (0)20 7920 3150 . ITM Power plc manufactures integrated hydrogen energy solutions for grid balancing, energy storage and the production of renewable hydrogen for transport, renewable heat and chemicals. ITM Power plc was admitted to the AIM market of the London Stock Exchange in ...

ITM Power Electrolysers Our electrolysers are powered by renewable energy and use our market-leading PEM technology which creates the purest green hydrogen on the market. We believe this is the best way to help the world decarbonise and achieve net-zero.

ITM Power plc manufactures integrated hydrogen energy solutions for grid balancing, energy storage and the production of green hydrogen for transport, renewable heat and chemicals. ITM Power plc was admitted to the AIM market of the London Stock Exchange in 2004. In October 2019, the Company announced the completion of a £58.8 million ...

ITM Power PLC ("ITM", "ITM Power", the "Group" or the "Company") Trading and Corporate Update. Development of ITM Power Service Hub in Germany. ITM Power (AIM: ITM), the energy storage and clean fuel company, provides an update on the Group's progress since the publication of the Half Year Report on 27 January 2022. The update covers ...

10 January 2022 **ITM Power PLC** ("ITM Power" or the "Company") **Grant Award in Germany for SINEWAVE Project** ITM Power GmbH has been approved for a EUR1.95m award for the project SINEWAVE, as part of the German Federal Ministry of Education and Research's (BMBF) hydrogen flagship project H2Giga that focusses on technology development for series ...

ITM designs and manufactures world-class hydrogen energy solutions to enhance the utilisation of renewable energy. What we do. Our Electrolyser Products. How it Works. PEM Technology. Why Green Hydrogen. ... ITM Power PLC is a public limited company registered in England and Wales. Company Number 05059407

19 January 2023; ITM Power Plc (), an energy storage and clean fuel company, Friday announced that it secured a Front-End Engineering Design or FEED contract with a green hydrogen plant ...
