

A UPS (Uninterrupted Power Supply) is a backup battery that keeps the equipment plugged into it running in the event of a power outage. It's not just a glorified power bank, because the UPS detects interruptions in the power and automatically switches the connected devices to running off the UPS battery, so they don't shut down.

South Tarawa in the Republic of Kiribati is home to Moroni High School. Founded in 1975, the school is owned and operated by The Church of Jesus Christ of Latter-day Saints.. The school recently commissioned a solar ...
