Owned by Shell, Sohar Solar Qabas is the company's first utility-scale, photovoltaic (PV) solar project in the Middle East and in Oman. The plant is located on a 50-hectare site within Sohar Freezone and consists of ...

Oman Shell on Tuesday launched its 25MW Qabas solar plant at Sohar Port and Freezone. The new solar plant will help the port and freezone in Sohar to become more sustainable and demonstrate the commercial benefits of solar power for industrial purposes. Owned by Shell, Sohar Solar Qabas is the company's first utility scale, photovoltaic (PV) solar ...

The plant is located on a 50-hectare site within Sohar Freezone, northern Oman, and consists of over 88,000 solar modules. The renewable electricity output from Qabas is supplied to a large ferrochrome production facility, displacing the equivalent gas-fired power generation taken from the grid and avoiding more than 25,000 tonnes of CO2 emissions annually.

MUSCAT: Oman Shell launched the 25-MW Qabas solar plant at Sohar Port and Freezone, helping the hub become more sustainable and demonstrating the commercial benefits of solar power for industrial purposes. Owned by Shell, Sohar Solar Qabas is the company's first utility-scale, photovoltaic (PV) solar project in the Middle East and in Oman.
