

Is Lithuania a pagan country?

Lithuania was the last pagan country in Europe, accepting Roman Catholicism in the late 14th century. About four-fifths of the population is Roman Catholic; there are smaller groups of Evangelical Lutherans and other Protestants, as well as people of other faiths. Elements of the pagan religion have survived in the countryside.

Is Lithuania the next AI hub?

Lithuania - the next AI hub? Lithuania is a place where great ideas come to life. We are an open country to take on global challenges, co-create and grow together. We are Lithuania.
