

What is lundsby renewable solutions?

Lundsby Renewable Solutions is more than just a name. It is our promise that - together with you - we will make both ends of green transition meet and contribute to a future, where more will live in a greener way on our blue planet. A future, where we turn natural resources into sustainable energy. And this future...is right now!

Where is lundsby constructing a biogas plant?

Lundsby is currently constructing a biogas plant for Gasum i Gästene, Sweden, that becomes operational in early 2025. It will be capable of covering the annual energy consumption for heating and electricity for approx. 6,000 households, or the annual consumption for... At full capacity, the biogas plant will be one of the largest plants in Europe.

Who is lundsby biogas?

Lundsby is the EPC (Engineering, Procurement and Construction) turnkey supplier of the project. The plant is designed to handle around 400,000 tons of biomass per year, corresponding to 120-gigawatt hours (GWh) worth of liquefied biogas (LBG).

Why should you choose lundsby?

Lundsby provides a reliable plant and also helps you to commission the plant well and safely. The good cooperation with our customers and partners ensures that we keep our know-how updated, so we can always develop and optimise our solutions. To your benefit and to the benefit of your economy and the green transition.

How can lundsby help you in the green transition?

If you wish to play an active role in the green transition by using biomass from agriculture, households, industry, etc., we help you make all ends meet and turn the idea into reality. Lundsby has more than 25 years of experience with developing and providing efficient biogas plants.

Lundsby deltager i European Biomethane Conference i Bruxelles, hvor vi mødes med centrale aktører for at diskutere biogas som en pragmatisk vej mod klimaneutralitet! Denne konference er vigtig for at fremme biogasløsninger i hele Europa, og den perfekte platform til at dele erfaringer, lære og udforske fremtiden for vedvarende energi.

For more than 25 years, Lundsby has acquired experience within design and construction of biogas plants with very different capacities and specifications. That is the reason why individual solutions are the only standard we know.
