

On 1st May 2019, the Saluting Battery in Valletta marked 15 years since opening its doors as a museum. On that same day in 2004, Malta became part of the European Union. It's the only ceremonial battery which is still operational and possibly the oldest in the world, according to tour guides who work on site.

The common shipping companies like fedex and dhl list the same requirements on their sites with lithium batteries having to be in a device and not to big or it is again a problem. Are there any shipping services who allow selection of land/ship transport instead of the default air or who are specialized for transport of such things?

Batteries are remarkable inventions that store chemical energy and convert it into electrical power. However, over time, these chemicals deplete, and batteries require Read More replacement. With various sizes and power ratings available, it's crucial to select the right battery for your vehicle or equipment.
