

Where are solar power plants located in Montenegro?

Montenegro is rich in solar radiation, particularly in the southern part, especially around the cities of Bar and Ulcinj, and in the area around the capital city of Podgorica. Solar power plants are located in these areas due to the high solar radiation.

Where is electricity produced in Montenegro?

The majority of electricity in Montenegro is primarily produced at the Pljevlja coal-fired Thermal Power Plant and the Perucica and Piva Hydropower Plants. The core activities of the majority state-owned Electrical Power Company of Montenegro (EPCG) are electricity generation, transmission, distribution, and supply.

Is Solargen a reliable partner for solar & water projects?

"Solargen has proven to be a reliable partner for solar and water projects. They have implemented more than 20 boreholes for us. We find them to be diligent and responsive." "We started working with Solargen late 2012. They are technically capable and passionate about their work."
