

Who is Mozambique Holdings Limited?

Mozambique Holdings Lda. Mozambique Holdings Limited is a multifaceted and well diversified business and industrial group in Mozambique.

What is Mozambique energy company?

Operating globally, with headquarters in Singapore, we market and trade energy products from Mozambique and other producers. We focus on creating value with counterparties through innovative supply and offtake solutions. The company will concentrate initially on LNG, LPG and condensate.

Can Mozambique become an energy hub?

The government of Mozambique has established two fundamental goals in the electricity sector, to provide access to energy for the entire population by 2030 and to become an energy hub in the SSA region. To achieve those targets, it is crucial to update the least cost both on and off-grid electrification.

Who regulates the energy sector in Mozambique?

The energy sector in Mozambique is regulated and supervised by the Ministry of Mineral Resources and Energy (MIREME). MIREME formulates Energy Policy and monitors policy implementation.

How much energy will be produced in Mozambique?

As of now, it is expected that between 40% to 60% of the energy produced will be destined for Mozambique, contributing significantly to the energy availability and competitiveness, to accelerate the country's economic development and to laying foundations for the national industrialization process.

How will Mozambique develop its electricity sector?

Mozambique has set significant targets for the development of its electricity sector: at least 2,300 MW of new installed capacity by 2030 and about 5 million new connections, both on grid and off grid, to achieve universal access to electricity by 2030.
