Myanmar Renewable in % Electricity Production. The Department of Research and Innovation under the Ministry of Science and Technology is preparing the renewable energy policy, with two main goals: developing hydropower by incentivising private sector participation (under BOT or as joint ventures) and increasing the use of alternative fuels by households, including biofuels.

Abstract Energy cooperation plays an important role in One Belt One Road (OBOR) initiative, which has attracted global attentions since it was firstly announced by China. However, studies focused on China-Myanmar energy cooperation under OBOR has not been explored yet, Myanmar usually acts as a geo-strategic link along OBOR while its power grid construction ...
