Necron tech therefore has very narrow energy levels and are possibly what physicists reffer to as "quantised" which means restricted and is a fundamental idea in quantum mechanics. With the space age tech that necrons have, being able to manipulate quantum phenomena to work as a shield or to allow their weapons to bypass enemy shielding is ...

In EVE Online the energy weapons use focusing crystals that give you the trade-offs of range vs damage that other weapon classes get due to mass/explosive yield. Each crystal results in a specific color beam even though all of them are named after non-visible light bands. Necrons could just pop a different crystal in for

that sweet sweet glow.
