From the official dealer (Gennext Nepal), instead of replacing the batteries, they give you a new set with same storage but you have to add money (asked 15k for iPhone 7). Gadgetbyte Nepal had an article on this, try googling it.

Loss of Power: Disconnecting the car battery can cause the Sirius XM radio to lose power and require reactivation. Antenna Connection: A loose or disconnected antenna can prevent the Sirius XM signal from reaching the radio. System Reset: Changing the car battery can sometimes trigger a system reset on the Sirius XM radio, requiring reprogramming.

If you don't use Sirius, drop both back seats, pull back the trunk carpet, and there it is right in the middle of the floor. Just unplug everything from it and boom, no more battery draining RDAR. Otherwise, you are going to need to go to the dealer and get a "Total MMM update" which will update everything on the multimedia bus.
