

With only 29 percent alcohol our sloe gin is the least hard-hitting of the bunch. It is, however, still a lovely acquaintance with plenty of fruity notes going for it. The infusion of sloe berries, a small amount of blackberries and our own honey accompanied by wonderful almond notes from the sloe kernels give this gin its characteristic expression. Slow Sloe has a higher alcohol content and a ...

From its initial start as private/public autonomous and individual producers of electricity, the government owned public electricity supply was established in the 1950's. At that time, the BVI's main source of electricity was produced by one 20 KW generator, which provided six hours of service per day and supplied 63 consumers between Government house and...
