

What is a cubic modular system?

The versatility of the modular system makes it easy and quick to assemble and install electrical panels as well as to extend and/or modify existing panels - including older enclosures. of standard components. The CUBIC modular system provides numerous possibilities for construction of type-tested panels.

Why should you choose cubic modular?

Whenever the need for a safe and efficient power distribution is needed, the CUBIC Modular system is the answer. The modular thinking behind our signature enclosure system makes it possible to build every type of switchboard solution in the low-power segment, based on several standard parts, without compromising on quality.

Is the modular system verifiable According to the IEC/EN 61439 standard?

The Modular System is verifiable according to the IEC/EN 61439 standard. IEC/EN 61439 has in the fall of 2014 replaced the previous IEC/EN 60439 standard. The versatility of the Modular System enables constructing an electrical switchboard solution for almost every purpose and industry.

What is modular system?

The Modular System is extensively tested by leading and independent test laboratories. This ensures a high validity of our assertions and ensures a documentation and independency, on which all stakeholders can rely. The Modular System is verifiable according to the IEC/ EN 61439 standard.

Where can I find a cubic office in my country?

Get in contact with the local CUBIC office. If you cannot locate a CUBIC office in your country please contact the head office, and we will forward you the details of a local partner. CUBIC Modular System España SL. Ronda Maiols, 1 - Ed. 30 Xin Ye 3rd. Street Tamil Nadu, India - 631 604.

How big is a cubic module?

The main module of the CUBIC modular system is 192 mm, which is remarkable for being divisible by 12 figures without decimals. During the construction of a panel, logical main and sub modules are used so that the fitter need not take millimetres into consideration. All fitting is done by means of only very few tools.
