In a world where Stanford startups increasingly churn out iterations of food delivery apps and poorly disguised duplicates of ChatGPT, original thinking and boundless ambition are rare traits. However, these traits are at the core of Reflect Orbital, an energy startup with a mission so audacious it borders on science

Why does reflectorbital.notion.site have an average to good trust score?. We think reflectorbital.notion.site is

legit and safe for consumers to access. Scamadviser is an automated algorithm to check if a website is legit and safe (or not). The review of reflectorbital.notion.site has been based on an analysis of 40 facts found online in public sources. . Sources we use are if ...

https:// These guys want to put mirrors in sun-synchronous orbit to shine some extra light at dawn and dusk so solar farms can generate electricity for about two hours more per day. The proposal is a constellation of 60-ish sats with 10 m mirrors, and they count on 175 000 \$...

Reflect Orbital is developing a constellation of revolutionary satellites to sell sunlight to thousands of solar farms after dark. One of the founders shared a video on Twitter showing a test they did with a balloon and a "mobile solar farm":

Why does reflectorbital have an average to good trust score?. reflectorbital is very likely not a scam but legit and reliable. Our algorithm gave the review of reflectorbital a relatively high score. We have based this rating on the data we were able to collect about the site on the Internet such as the country in which the website is hosted, if an SSL certificate is used and ...

A California-based startup is looking to provide solar power long after the sun has set, one mirror-mounted satellite at a time. Reflect Orbital wants to use large, maneuverable mirrors attached to satellites reflect sunlight down ...

There's a new space startup under the Sun. And what Reflect Orbital wants to do is cast some of that sunshine to customers. The group's ambitions have been in the dark for a bit, but the leader of the idea has been posting on X some tantalizing updates.
