What to do in Svalbard?

There are many nature reserves, and national parks which make hiking and outdoor adventure a key activity for visitors. The capital is Longyearbyen a small town with several restaurants, bars, and even a small brewery. For more information check out my guest blog from Heather Cragg on her trip - The Arctic Fairytale of Svalbard.

When does the sun set in Svalbard?

In Svalbard, the sun does not set from May to September. This phenomenon is known as the midnight sun. Between November and January, it does not rise and this is the polar night and the best time for the Northern Lights. The pastime of mushing or dog sledging is a popular activity in both winter and summer months.
