

Introduction. Countries in the Eastern Caribbean 1 Eastern Caribbean refers to Antigua and Barbuda, Dominica, Grenada, Saint Lucia, Saint Kitts and Nevis, and Saint Vincent and the Grenadines. are among the world's most energy insecure nations. These countries grapple with high electricity costs that undercut economic competitiveness and growth, are ...

A clean energy transition for Pakistan comes with its costs, with estimates showing an upwards of USD 101 billion [10] by 2030. The World Bank [11] placed its estimate to USD 348 billion for Pakistan's adaptation, resilience and decarbonisation. Access to international climate finance is then critical for Pakistan to achieve a clean energy ...

Pakistan's energy needs rely heavily on locally produced and imported crude oil. COVID-19 caused a huge decline in local oil demand in 2020 following an economic downturn, but as the economy rebounds there is an uptick in demand for oil as well. With historically high global oil prices, the import bill for Pakistan saw a significant increase ...

Pakistan - Shell Petroleum Company Limited, a subsidiary of Shell plc (Shell), has agreed to sell its 77.42% majority interest in Shell Pakistan Limited (SPL) to Wafi Energy LLC. The sale is part of Shell's strategy to high-grade its mobility network and was first announced on Capital Markets Day in June 2023.

EGC specialises in risk and compliance, technology transformation, back-office support and revenue assurance services. We collaborate with market leading energy retailers leveraging our software, expertise and comprehensive range of services to deliver our promise of cost reduction, compliance, and efficiency through automation.

Theoretical underpinning. The environmental Kuznets curve assumes that EGC is a deterrent to environmental quality but that improving it will reduce pollution (Xiaoman et al. 2021). Furthermore, as a result of improvement in the economic development of the SSE, the demand for resources from people increases daily

which require higher energy demand.

The Government of Pakistan through the Ministry of Energy (MoE) has now officially notified the ECBC 2023 as a mandatory code for the construction of new buildings in Pakistan. The ECBC 2023 sets clear standards promoting energy ...
