The Darien scheme was an unsuccessful attempt, backed largely by investors of the Kingdom of Scotland, to gain wealth and influence by establishing New Caledonia, a colony in the Dari&#233;n Gap on the Isthmus of Panama, in the late 1690s. The plan was for the colony, located on the Gulf of Dari&#233;n, to establish and manage an overland route to connect the Pacific and Atlantic Oceans.

Panama City, being in the Sunshine State, has an annual average of 239 sunny days. If you work with a solar energy company now, you can generate green power throughout most of the year. Every kilowatt-hour of solar power you use is energy that you won't have to pay for. As-is, that already saves you quite a lot of money.

&quot;The construction of two new solar plants in Panama is one more example of our commitment to developing renewable energy sources throughout Central America,&quot; commented Bruno Riga, Head of Enel Green Power Central America. ...
