

Papua New Guinea sunny boy storage automatic backup unit

What is the Sunny Boy storage automatic backup unit?

The Sunny Boy Storage Automatic Backup Unit (SBS-ABU-200-US-10) is a fully integrated solution for whole home backup power. The ABU consists of several components. The first is a 200 Amp rated contactor, which automatically disconnects the home energy system from grid power during a power outage.

Does Sunny Boy Storage have backup power if there is a blackout?

With the Sunny Boy Storage 3.6/5.0/6.0 range, you can have backup power for your home when there is a blackout. In this blog, we will discuss how to use the Secure Power Supply function included in your Sunny Boy Storage and alternatively how you can have automated backup of your household with the optional Automatic Backup Unit.

Does Sunny Boy storage automatically power household circuits?

The homeowner may want the Sunny Boy Storage to automatically power their household circuits when there is a blackout. By installing the optional Automatic Backup Unit, the household loads are automatically disconnected from the grid and the loads may continue to be supplied from the battery storage system and the PV system.

Does Sunny Boy Storage have a battery inverter?

In this setup, additional power is available from the PV inverter, which allows a greater number of appliances to be powered simultaneously, and a longer period of autonomy from the grid. Backup power from your battery system is possible when using the Sunny Boy Storage battery inverter.

How many batteries can be connected to the Sunny Boy Storage?

Thanks to multistring technology, up to three high-voltage batteries can be connected to the Sunny Boy Storage anytime. This allows the storage system to be expanded gradually and adapted to individual needs.

Sunny Boy Storage 3.7 / 5.0 / 6.0; Sunny Island X; Sunny Island 4.4M / 6.0H / 8.0H; Sunny Island 4548-US / 6048-US; Sunny Central Storage UP; ... Funzione di backup Secure Power Supply integrata. Funzione di backup completamente automatica per l'approvvigionamento elettrico dell'intera abitazione (opzionale)
