

The St. Helena Police Department in Napa County is making strides toward reducing its carbon footprint by integrating electric vehicles (EVs) into its police fleet - becoming the first law enforcement agency in the county ...

In 2009, having now engaged with WES (who had taken over the failed Lagerway business) an additional three wind turbines were purchased, the original three overhauled and through a robust maintenance program wind started to play a part in St Helena's energy mix. April 2014 saw the doubling of the fleet with twelve wind turbines now operational.

The power generation system continues to be monitored and Connect remain confident that the original issue has now been successfully addressed. Given there is no longer an immediate risk to the energy supply across the Island, in line with SHG's emergency planning procedures the Incident Command and Control Group has been stood down by the ...

A period of public engagement on the draft Sustainable Economic Development Strategy and Delivery Plan 2023-2033 (SEDS) has been launched. Once finalised, the SEDS will provide the overarching blueprint for developing the territory's economy, and will replace the Sustainable Economic Development Plan 2018-2028 (SEDP). The SEDS has been developed ...
