Hi hardhat. Thank you for taking the time to reach Renogy. Our solar panels can charge the Jackery 1000 Pro Power Station. However, our solar panels use an MC4 connector, and the Jackery 1000 Pro has a DC8020 port to connect the solar panels. Because of this, the solar panel will not connect directly to the power station.

The 200 Watt solar panel can be used for charging solar devices like the solar charge controller, solar inverter, solar battery, etc. This helps in generating a clean source of renewable energy at your home. The 200-watt solar panel can able to generate 1 Amp of energy and it about 5-8 hours to charge the 12-volt battery.
