

Renu Energy Solutions is the top solar installer providing residential and commercial solar panels in North & South Carolina. (704) 525-6767 o solar@renuenergysolutions . Renu's Hurricane Helene Relief Efforts (704) 525-6767 solar@renuenergysolutions .

I work in the solar industry as a solar educator and write to a global audience on everything solar PV. I had a look at ReNu Solar's website and have some valuable feedback for you. They call themselves "experts" after being in operation for just a decade and also mention they have transitioned into solar, so even less time to become experienced.

ReNu's solar panels produce clean, renewable energy that you can sell back to Pennsylvania power companies, allowing you to lower or even zero out your monthly electricity bill. Our panels feature a sleek, black-on-black design for a seamless appearance. Split cell technology and microinverters allow each cell to produce more energy, even in ...

ReNu Solar made the process of installing solar panels very easy. Their sales representative, Brittany Jacoby, was extremely knowledgeable, did not put any pressure, and was able to customize an array that would both maximize solar capture and not break the bank with panels that wouldn't get that much exposure and reduce the return on investment.

Overall Rating: Renu Energy Solutions has an overall rating of 4.6 from 121 votes on Facebook and 4.7 based on 226 reviews from SolarReviews; Years in Business: since 2010.; State Availability: services in North Carolina, South Carolina, and Virginia.; Warranty Options: 25-year warranty on all of their installations.; Solar Panel Options: solar panels and solar inverters ...

Contact us today to schedule a free energy assessment on how you can benefit from installing solar on your home or business.

I had Renu install my solar system installed in December of 2022, up and running early 2023. I am very happy with how the system operates, everything is as expected there, On the customer service side though, when we signed our contract in July of 2022, we paid extra to have a tree that is blocking part of our panels trimmed back to maximize sunlight.
