

Hidden RGA series systems are designed for residual gas analysis, gas analysis and process monitoring applications including leak detection, trend analysis and vacuum survey. The HAL 101 X RC is a specific analyser with additional features for real time quantitative analysis of complex gas and vapour mixtures in fusion applications and harsh ...

RGA's experts never stop learning, so that you can benefit. Learning Gateway houses more than 2,000 on-demand e-learning courses and robust credit-bearing continuous education offerings that are free to qualifying clients. ... Benefit from our secure file transfer system. Gateway US Gateway UK Gateway TK Add a title. Hex Color. NaN. false ...

RGA is a global industry leader, specializing in life and health reinsurance and financial solutions that help clients effectively manage risk and optimize capital. We are widely recognized for superior risk management and underwriting ...

Ethernet cable needed to connect the RGA to a laptop for communication. -- 10ft. cable included with KJLC Element RGA. 7m and 15 m cables available in accessories table. Connecting Hardware (Included) Hardware used to connect the KJLC Element RGA to the chamber. -- DN40CF gasket, nuts, and bolts are included with the KJLC Element RGA.

A dual mode RGA system for vacuum diagnostics and process monitoring. The Hiden HMT quadrupole mass spectrometer is a unique dual mode RGA system capable of operating at pressures up to 5#215;10-3 mbar without the need for differential pumping. Operation at this pressure is achieved using a specially designed ion source/quadrupole filter combination and software ...
