

Who is Lamprell plc?

Lamprell plc, based in the United Arab Emirates, specialises in construction and fabrication, servicing both the Renewables and Oil & Gas industries. It builds wind turbine foundations as well as shallow-water drilling jackup rigs, liftboats and land rigs, and it also carries out rig refurbishment.

How many employees does Lamprell have?

We employ more than 5,000 people, with our primary facilities located in Hamriyah, in the UAE. Lamprell is a leading provider of contracting services to the international energy sector. We focus on foundation fabrication...

What does Lamprell do?

Lamprell has set about transforming its business to thrive in the energy transition, offering foundation fabrication and other services for the offshore wind sector alongside activities in its traditional oil & gas segment including the delivery of modules, platforms and rig construction and refurbishment projects.

What makes Lamprell unique?

Driving strategy and growth through its renewables and oil & gas business units, underpinned by almost half a century of expertise, Lamprell has worked hard to establish its reputation for delivering projects safely, on time and to budget. We employ more than 5,000 people, with our primary facilities located in Hamriyah, in the UAE.

Why did Lamprell reorganise?

Lamprell's purpose has long been to provide best-in-class project services and solutions for the energy industry, and a recent reorganisation has resulted in an increased focus on the group's strategy and part in renewables and the energy transition while it continues to support its core oil & gas business segment.

When did Lamprell go public?

In 2006 the company launched an initial public offering on the Alternative Investment Market and in 2008 it secured a full listing on the London Stock Exchange. Lamprell diversified its offering further, from predominantly servicing the oil & gas market to entering the renewables' arena in the early 2000s.

Lamprell has three facilities in the Hamriyah Free Zone, the main yard which is located in Phase 1 and two smaller yards in Phase 2. The facility located in Phase 1 is the largest and has nearly 420,000m² of yard space, of which 60% is ...
